Recursos y materiales de consulta para lenguaje de programación R

Estadística descriptiva-R | prof. Alejandro González | FEN-UAH

Ayudante Santiago Ortúzar

2022-04-01

- Descriptive Statistics in R: https://www.r-bloggers.com/2021/10/descriptive-statistics-in-r-3/amp/
- Comparing Distributions: https://www.r-bloggers.com/2021/12/comparing-distributions/
- Four R packages for Automated Exploratory Data Analysis you might have missed: https://towardsdatascience.com/four-r-packages-for-automated-exploratory-data-analysis-you-might-have-missed-c38b03d4ee16
- Finally understanding what "statistical significance" and p-values mean: A simple example (with R code): https://www.r-bloggers.com/2022/01/finally-understanding-what-statistical-significance-and-p-values-mean-a-simple-example-with-r-code/ (no tengo idea por qué subí esto en un curso de estadística descriptiva muy introductorio…)
- Contingency tables in R: https://www.r-bloggers.com/2020/12/contingency-tables-in-r/
- How to use pipes to clean up your R code: https://www.r-bloggers.com/2022/03/how-to-use-pipes-to-clean-up-your-r-code/amp/
- Comparto link donde data science UC, ha subido distintos videos sobre cómo hacer web scraping, visualización de datos , y análisis de texto en R: https://vimeo.com/user105597673
- A *simple* introduction to ggplot2 (for plotting your data!): https://www.r-bloggers.com/2022/04/a-simple-introduction-to-ggplot2-for-plotting-your-data/amp/
